

Messe Düsseldorf India & Glass Bulletin launched glasspro INDIA 2018 - International Exhibition for Flat Glass Processing, Products and Accessories in India Next Year

Glass Bulletin and Messe Dusseldorf India have joined hands to organize a world-class exhibition “glasspro INDIA” 2018 which will held from 7th - 9th September, 2018 at Bombay Exhibition Centre, Goregaon East, Mumbai.

glasspro India 2018 will be an annual event of international standards featuring top players of the global flat glass processing industry. The 2nd edition, spread over 6000sqm, poised to bring over 200 exhibitors and more than 5000 visitors across verticals. To make this possible, Glass Bulletin and Messe Duesseldorf India will put their expertise to work out the best of their abilities.

Glass Bulletin (GB), India's premier journal for the global glass industry, strives to work for the upliftment of the industry. As GB paces ahead keeping up with the changing needs of the industry, it adapts as best as it can and proof to that lies in the fact that GB has changed over the years to serve the industry to the best of its abilities. GB added another feather to its cap last year with the Glass Bulletin Awards 2016. It was the first-ever event that brought together all players and stakeholders of the industry to acknowledge outstanding contributions and achievements to the sector.

Messe Düsseldorf on the other hand is accredited for the world-renowned exhibition “**glasstec**” organised by biennially in Düsseldorf Germany. GB's association with Messe Düsseldorf India has been an old and trusted one. They go back a long way.

glasspro India 2018 has been officially launched during a spectacular curtain raiser event in Delhi on 4th September 2017 and on 3rd November, 2017 in Mumbai. Over 200 key players of industry attended the event in Delhi & Mumbai.

An event like glasspro INDIA & Glass Bulletin Awards would be of huge benefit to the industry. It would be a glorious platform bringing together the who's who of the industry and encourage interaction. It would give exhibitors an opportunity to showcase their products and services at this international platform and that would in turn facilitate the growth of the industry.

“Space booking is now open and Interested companies can book the space by sending their application form avail the global platform to showcase their products and services.”
