EXHIBITOR TESTIMONIALS of glasspro INDIA 2019

MR. ASHOK DHOLAKIA

General Manager
Gopal Glass House

This year glasspro INDIA was a grand success, in a way of appreciation to the individuals like Late RS. Gopal Glass was nominated for Green Initiative Category and our efforts were appreciated with an award. We also could showcase our Tempered Quality Figured Glass to the industry. Team is doing wonderfully well to connect the entire fraternity. This year was more special since glasspro INDIA and glasspex INDIA were held together, giving more exposure to Indian glass manufacturers and processors.

”

MS. CHARLOTTE MERCER

Head of Marketing
Edgetech / Quanex

We have not exhibited in glasspro INDIA exhibition before, we have been always attending the show. We have seen a lot of progress in the market here and picking our kind of technologies. We have got really good response in the exhibition had some great conversations. It's been really good show so far and we are very pleased to participate.

”

MR. ALLEN LEE

Export sales
Foshan HanGlastech Automation Co., LTD.

This is our second time in glasspro INDIA. It's better than last year. This year visitors footfall is quite impressive which helped us allot to promote our company and our products. And the most important thing is all visitors are related to the glass industry. This is the best thing of glasspro INDIA. But I think three days are not enough. It's our pleasure to attend glasspro INDIA 2019, and we are going to exhibit next year also.

”

MS. ROSE LI

Sales Manager
Jinan Lijiang Automation Equipment Co., Ltd.

We have a good number of customers in India and we have also set up our own office in Delhi to provide more efficient service support. This is our second time participating in glasspro INDIA in 2019. This time, we expanded our display our three new equipments. We feel glasspro INDIA is becoming more influential, and we will continue to expand our cooperation with this exhibition to serve the Indian market with good products. Best wishes to glasspro INDIA.

”

MR. JOERG ZIMMERMANN

Area Sales Manager
Hegla GmbH & Co. KG

We are participating for the 2nd time in glasspro INDIA. So far we are very pleased with the exhibition as it is so professionally done. I think we are on the right place with this exhibition and yes we are definitely looking forward to participate in upcoming editions of glasspro INDIA as well.

”

ABOUT fenestrationpro 2021

Doors & windows have the most attractive portion among the numerous fields of constructional activities in India, so have the most prosperity, as well. This industry has given up its traditional structure and expedite to the modernism. It is just a few years that utilization of standard, safe and insulator doors and windows has got mandatory and the users and consumers also are extremely enthusiastic in using these products. This new taste and necessity caused the manufacturers to change their production platform to manufacture new and updated products.

Fenestrationpro is a show designed under glasspro INDIA to unite the architects, fabricators, developers, policymaker, façade consultants, engineers, and stakeholders from Indian industry and beyond to drive discussions on the design trends and which can be harmonized with energy efficient building technologies. both the shows together will cater the widest segment of fraternity and bring them all under one roof.

INDUSTRY HIGHLIGHTS

- The Door, Window & Façade industry in India is emerging rapidly and the need for sustainability, comfort and aesthetics continues to drive innovation in the construction sector.
- Doors & Windows are now an example of what technology can do to beautify homes and an essential element of new strategies to improve energy efficiency.
- The market is expected to expand synergistically in the mid-long term due to several driving factors including shortage of household units in the country, central government's initiatives to develop affordable housing for all by 2022 and build several smart cities across the country.
- Driving Sustainable Development via 'Green' Windows
