- Flat glass machine manufacturers
- Flat glass processing and finishing
- Tools, replacement and spare parts, ancillary equipment and fitting
- Glass storage systems
- Architectural hardware & accessories
- Automation and handling equipment
- Measurement, testing & control technology
- Glass products & applications
- Cladding & Railings
- Software for glass industry
- Raw Materials
- Contracting, consulting, engineering, services
- Trade associations and Media houses

ABOUT fenestrationpro 2022

Doors & windows have the most attractive portion among the numerous fields of constructional activities in India, so have the most prosperity, as well. This industry has given up its traditional structure and expedite to the modernism. It is just a few years that utilization of standard, safe and insulator doors and windows has got mandatory and the users and consumers also are extremely enthusiastic in using these products. This new taste and necessity caused the manufacturers to change their production platform to manufacture new and updated products.

INDUSTRY HIGHLIGHTS

Fenestrationpro is a show designed under glasspro INDIA to unite the architects, fabricators, developers, policymaker, façade consultants, engineers, and stakeholders from Indian industry and beyond to drive discussions on the design trends and which can be harmonized with energy efficient building technologies. both the shows together will cater the widest segment of fraternity and bring them all under one roof.

EXHIBITOR TESTIMONIALS of glasspro INDIA 2019

MR. ASHOK DHOLAKIA

General Manager, Gopal Glass House

This year glasspro INDIA was a grand success, in a way of appreciation to the individuals like Late RS. Gopal Glass was nominated for Green Initiative Category and our efforts were appreciated with an award. We also could showcase our Tempered Quality Figured Glass to the industry. Team is doing wonderfully well to connect the entire fraternity. This year was more special since glasspro INDIA and glasspex INDIA were held together, giving more exposure to Indian glass manufacturers and processors.

MS. CHARLOTTE MERCER

Head of Marketing, Edgetech / Quanex

We have not exhibited in glasspro INDIA exhibition before, we have been always attending the show. We have seen a lot of progress in the market here and picking our kind of technologies. We have got really good response in the exhibition had some great conversations. It's been really good show so far and we are very pleased to participate.

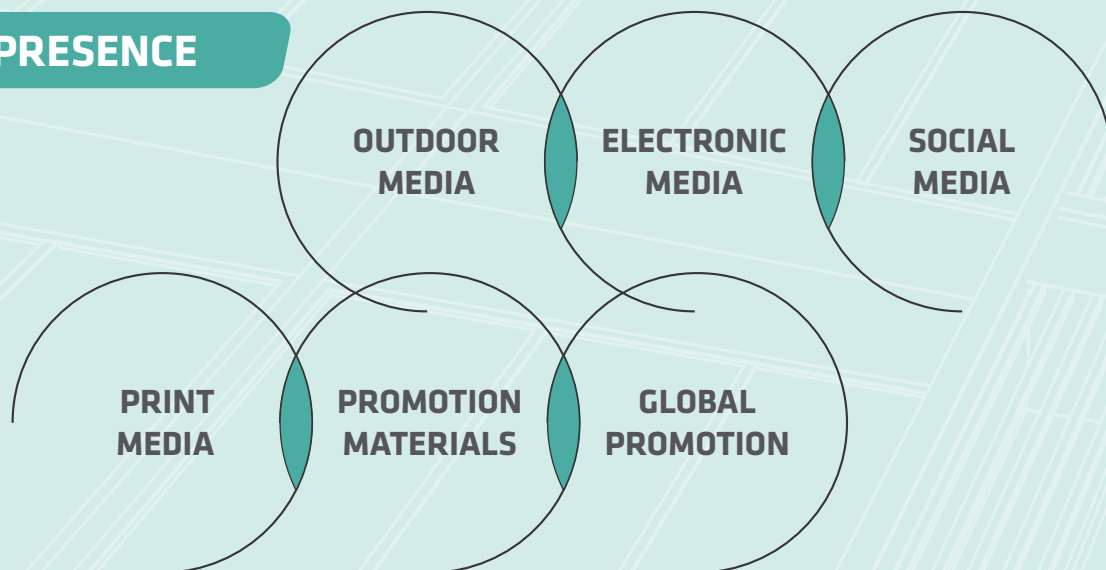

MR. ALLEN LEE

Export sales, Foshan HanGlastech Automation Co., LTD.

This is our second time in glasspro INDIA. It's better than last year. This year visitors footfall is quite impressive which helped us allot to promote our company and our products. And the most important thing is all visitors are related to the glass industry. This is the best thing of glasspro INDIA. But I think three days are not enough. It's our pleasure to attend glasspro INDIA 2019, and we are going to exhibit next year also.
