

Press Release

India's Glass Future Unveiled: glasspex INDIA & glasspro INDIA 2025 Set to Drive Industry Innovation

Mumbai, August 2025 – The Indian glass industry is gearing up for its most significant event of the year as glasspex INDIA and glasspro INDIA prepare to open their doors from **September 10-12, 2025, at the Bombay Exhibition Center in Mumbai**. Organised by Messe Düsseldorf India, glasspex INDIA is now in its 8th edition and glasspro INDIA, in its 5th edition, is co-organised by Messe Düsseldorf India and Glass Bulletin. These co-located international trade fairs promise to be a comprehensive platform for the entire glass value chain, from container and flat production technologies to processing and applications.

glasspex INDIA will feature the latest advancements in container glass production technologies and solutions, offering insights into the manufacturing of hollow glass products, automation, measurement, control engineering and auxiliary equipment. Key exhibitors include *Thermo Tech Furnace and Engineers Private Limited, Furnotherm Glass Projects India Pvt.Ltd, Dukhiram Maurya Engineering & Refractory Works (India) Private Limited and Shamvik Glasstech Private Limited*. The event caters to a diverse visitor profile including professionals from Beverage, Mechanical Engineering, Pharmaceutical, Cosmetic & Perfumery and Lighting industries, as well as Glass Traders, Dealers and R&D specialists.

Running concurrently, glasspro INDIA will highlight cutting-edge solutions in flat glass processing and applications. This includes flat glass machine manufacturers, architectural hardware, automation, measurement technologies and a wide array of glass products for sectors like infrastructure, building design and automotive. glasspro INDIA will also feature a special segment for the door, window and the façade elements under fenestrationpro INDIA. Prominent exhibitors at glasspro INDIA include industry leaders such as *Gopal Glass Works Ltd, Taiton Hardware Private Limited, Float Glass Centre and Calderys India Refractories Limited* who will showcase their innovations on the show floor. Visiting profile includes Glass Manufacturers, Processors, Importers/Exporters, Architects, Interior Designers, Facade Consultants, Builders, Developers and representatives from the Automobile and Solar industries.

The combined events will feature **participation from over 150 leading companies** hailing from **14 countries**, including Belgium, Bulgaria, China, Czech Republic, France, Hong Kong, Iran, Japan, Mexico, Poland, Thailand, Turkey, United Kingdom and the United States of America. The exhibition will also host dedicated **International Pavilions from Germany and Italy**, underscoring the global significance of the Indian market. Over the three days, the fairs are expected to welcome **more than 8,500 industry visitors from across the region**, fostering unparalleled networking and business opportunities.

"glasspex INDIA and glasspro INDIA 2025 together represent the definitive meeting point for the glass industry in the Indian subcontinent," says *Millie Contractor, General Manager, Messe Düsseldorf India*. "The upcoming shows will not only showcase the latest technological advancements in both container and flat glass but also facilitate crucial collaborations and knowledge exchange that are vital for the industry's sustainable growth and innovation. The strong international participation and diverse visitor profiles underscore the immense potential of the Indian market."

The exhibitions will be complemented by significant parallel programs designed to enrich the visitor experience and foster industry dialogue. The 6th Glass Bulletin Awards on the evening of September 10, 2025, at The Grande, Bombay Exhibition Center, will celebrate excellence in the industry. The concurrent conference organised by the *All India Glass Manufacturers' Federation (AIGMF)* is scheduled for the 2nd day of the event (September 11). This 15th edition of the conference will delve into "AI and Digitalisation - the future for sustainable glassmaking", featuring dynamic discussions on AI and large language models for glass development, reducing glassmaking emissions, AI-driven optimisation of glass production and more.

The event features the participation of industry pioneers such as *Thermo Tech Furnace and Engineers Private Limited* as Lanyard & Badge Partner, Visitor Paper Bag Partner, Registration Partner and Walkway Branding Partner among others and *Nirmal Glasstech Industries* as the Walkway Branding Partner. The events are supported by the *All India Glass Manufacturers' Federation (AIGMF)* and *VDMA Forum Glass Technology*.

glasspex INDIA & glasspro INDIA will explore the future of glass. These events are an unmissable opportunity to connect with pioneers, discover solutions and be a part of the industry's next great leap forward.
